REMARKS

By this Amendment, Applicants, through their attorney, are directing, pursuant to 37 C.F.R. §1.821(e), the entry into the specification of this '481 application, the Sequence Listing, including the compliant computer readable form ("CRF") thereof, filed in connection with applicants' related '897 application. A copy of the Sequence Listing as filed in the '897 application and a copy of the self-addressed stamped return postcard acknowledging receipt by the United States Patent and Trademark Office ("USPTO") mailroom of said Sequence Listing is annexed hereto as Exhibit A. This direction relative to entry into the instant specification of the Sequence Listing, including the compliant CRF thereof, conforms with one of the requirements of the Notice.

In further compliance with the Notice, Applicants hereby submit as Exhibit B, a statement asserting that the paper and CRF copy of the Sequence Listing in this '481 application is identical to the CRF filed in the related '897 application. This statement is accompanied by a Sequence Listing and a computer readable copy of the Sequence Listing.

No fee is believed due in connection with this Amendment. If any fee or fees are due, however, the USPTO is hereby authorized to charge the amount of any such fee to Deposit Account 05-1135, or to credit any overpayment thereto.
